Dear Friends,

The world looks a bit different now as I sit at my desk thinking about what I would like to say to you about our successes of 2019. Right now, the world is experiencing a pandemic, something most of us have never seen and hopefully will never see again. Next year, I will be able to write about all of the events that have made us better for having experienced it. For now, I would like to wish all of you the best of health, please be safe and like us, I hope that you will be able to say that you have learned so much for having gone through such an unsettling time in our lives.

Fresh perspectives can help you to see things others cannot. You can see things differently than others who are knee-deep in our industry. I am honored to share the Westmoreland County Food Bank's 2019 Annual Report with you – our friends and supporters. At this time, we reflect on the Food Bank's accomplishments over the past year, and I hope that you are able to gain a fresh perspective about WCFB and how we improve the lives of thousands of Westmoreland County residents each day.

I always marvel at how much our Food Bank team and family of volunteers has achieved - thanks to your support. Within 2019, the Food Bank served many neighbors who likely never thought they would need food assistance. Many neighbors sought food assistance for the first time, and for many across Westmoreland County, food assistance is a critical aspect of daily life. At the Food Bank, we believe no one deserves to be hungry. Regardless of the cause or circumstance, hunger is never acceptable.

Until all of our neighbors are no longer hungry, no longer struggle to put food on the table come mealtime, or have to choose between medicines, utilities or groceries, our essential hunger relief work will continue. I absolutely know that our hard work, innovative collaborations, and our many passionate supporters help provide access to more nutritious meals each day.

I am proud to share that in this past year, we distributed 7.6 million pounds of food to food-insecure neighbors. Through our 65 Partner Agencies and 98 distribution sites, we served more than 18,000 people each month in communities throughout Westmoreland County.

Among several awards that we were honored to receive last year, Charity Navigator awarded the Food Bank its coveted 4-star rating for the sixth consecutive year. This is the highest possible rating from the nation’s leading, independent charity evaluator. Only a finite amount of charities across the United States have received this award which recognizes our exemplary service to the community while stewarding your donor dollars efficiently and effectively. We are proud to have achieved this honor again, but more proud that you have entrusted us with your charitable giving.

On behalf of the Food Bank’s Board of Directors, our exemplary Food Bank team and family of volunteers, we thank you for empowering our ability to provide a rapid response when neighbors in our community need assistance, and for investing in our ability to maintain and advance our ongoing strategic efforts. Hunger does not discriminate and absolutely affects neighbors in all zip codes throughout our county, our region, our state and our country. Collectively our commitment to our mission to enable all Westmoreland County residents who are hungry or at risk of hunger to have ready access to food stands strong. It takes a community to feed a community. Please know that you are at the heart of all that we do.

Gratefully,

Jennifer Miller
Chief Executive Officer
