In March 2020, our world was turned upside down by the coronavirus pandemic. The Westmoreland Food Bank was not immune to the effect of this contagion. In fact, it was quite the opposite. The year 2020 brought with it challenges and moments of great uncertainty and fear for families and individuals living in Westmoreland County.

Collaboration, dedication and appreciation are not just themes but actions taken throughout our network and community through this unprecedented time. One thing that never faltered was the commitment and dedication of the Westmoreland Food Bank to serve our community. It has been my greatest honor to serve alongside each member of the Food Bank team, our dedicated Board of Directors, Partner Agencies, and the countless volunteers who worked side by side with us inside our warehouse and throughout our community. While the organization was operating without a roadmap, the governance structure we have built over the years worked. The Food Bank’s Board and Leadership were in touch regularly. While we had more questions than answers during the early months of the pandemic, the Board continuously expressed its complete confidence in the Food Bank team.

Despite how uncertain these times were and continue to be, there was much to celebrate. Our staff and volunteers assembled and distributed nearly 188,000 food boxes (generally three boxes per family consisting of dry product, frozen and refrigerated product) through over 400 drive-up distributions throughout Westmoreland County.

Our staff, donors and volunteers stepped up, rising to the challenges as we navigated the pandemic, initially day-to-day problem solving, and then eventually long-term planning. Our strong organizational foundation allowed us to pivot and react quickly to the extraordinary circumstances and needs created by this pandemic. Nearly all of our internal and external processes and our entire food-sourcing model had to be reevaluated, redesigned and in many cases reimplemented to ensure safety to our team, volunteers and our consumers. Those processes seemed to change in an instant and multiple times each day. This was no easy task and it took the collaboration of our entire network to achieve the success we accomplished along the way.

Space in our warehouse became an issue as we did our best to move tens of thousands of pounds of food each month. Our team not only had to handle the increased need, and overwhelming amounts of food, but also with repacking and distributing the food. These challenges led to purchases of additional equipment and supplies as we looked for ways to work smarter, not harder.

Every single facet of our mission was tested during 2020. We are proud to share that we have set new standards for performance under extremely challenging circumstances. At the center of all of our actions and decisions was and will always be our commitment that no one goes hungry.

I cannot deny that at times this past year has been difficult. The pandemic has illuminated a fact that many people are one missed paycheck, one traumatic illness away from devastating circumstances. Our biggest fear going forward is that even more people will fall deeper into need.

I have witnessed first-hand, our community coming together in a way I have not seen in nearly 25 years of food banking. Every single dollar donated made it possible for us to provide food to families and individuals that have never had to ask for a hand up. Your generosity made it possible for us to spend more than our typical food purchase budget and we were able to consistently meet the demand, delivering over 6.4 million pounds of food to our Westmoreland County community.

Overcoming the challenges of 2020 would not have been possible without the unparalleled support of the community. Each of your contributions have allowed us to provide a robust response to the great need created by the pandemic, serving nearly 30,000 people. We are humbled, especially when times are tough for everyone, that we are trusted with your precious resources.

The Westmoreland Food Bank allocated an additional $2 million on COVID-19 relief expenses including food, cardboard boxes, staffing expenses, warehouse equipment, agency support, PPE, cleaning supplies, etc. We fully expect to continue to incur these expenses in 2021 as the pandemic showed no promising signs of decline.

The outpouring of generosity that came was simply astounding, as thousands of new donors joined longtime supporters. During 2020, the Food Bank received 65% more in philanthropic revenue than during the same timeframe the year before. Additionally, due to strong relationships with the State and Federal Government, the Food Bank was the beneficiary of Federal relief dollars (with appropriate restrictions and timelines) to provide an equitable distribution of food to the needy residents of our county. Local charitable foundations, businesses, and Feeding America along with their donors provided for us and Food Banks all over our country like never before.

We see this annual report as an opportunity to express our appreciation for the time, talent and financial support you provided; critical resources that allowed us to execute our mission successfully enabling all Westmoreland County residents who are hungry or at risk of hunger to have ready access to food. During a crisis, food offers much more than calories; it is evidence that someone cares.

We are growing, we are grateful, and we are mission-focused. We have emerged from the past year wiser and stronger than ever. Through it all, one thing remains the same – with your support, we will continue fighting hunger throughout Westmoreland County. Together, we can fight hunger here at home. Thank you for being there for us.

Sincerely,

Jennifer Miller
Chief Executive Officer
Amount of COVID restricted funding: $2,335,780.60

LEAVE

Consider donating today or including us in your will or estate plans for tomorrow.

As a member of the community, you are probably aware many of our neighbors are in need of emergency food for their families. You also know that this is not likely to diminish soon, in order to effectively meet this need, The Food Bank strives to be a strong and stable organization raising funds from multiple sources. Not only is planned giving an option for donors to consider, but it also ensures the organization is here to continue the fight against hunger for years to come. Such options include bequests, cash and securities, insurance tools, charitable gift annuities and more. To learn more about how your planned gift can help advance the mission of Westmoreland Food Bank contact us at 1-800-462-2080.

Westmoreland Food Bank, Inc. is a 501(c)3 charitable organizations, contributions to which are tax-deductible as permitted by law. The official registration and financial information of Westmoreland Food Bank, Inc. may be obtained from the Pennsylvania Department of State by calling toll free within Pennsylvania 1-800-732-0999. Registration does not imply endorsement.
