## MISSION:

Our mission is to enable all Westmoreland County residents who are hungry or at risk of hunger to have ready access to food.

## VISION:

To end hunger in Westmoreland County.

# A Message from the CEO

On March 3, 1982, a group of committed leaders from across Westmoreland County came together to open the Westmoreland County Food Bank, Inc. – a new organization, among the first of its kind – as a response to the hunger they had seen developing in the communities around them. Following significant cuts to the food stamp program (now known as SNAP), the Westmoreland Food Bank and its small network began to assist people across the county who were reeling from the impact.

We are proud of what we have accomplished over the past 40 years – providing better quality food, expanding the quantity and variety of foods sourced through our Food Pantry Distribution Program, and expanding our reach through new and innovative programs such as the Operation Fresh Express program and Military Share. As well as ensuring that our most vulnerable do not have to know the anguish of hunger through the Pennsylvania Senior Food Box Program, the Weekend Backpack Program, and the program that started forty years ago when we opened our doors, the Children’s Summer Meals Program.

Our original and continuous grounding in social justice as the reason for our work is inspiring, and it is with all of this incredible history behind us that we begin the next stage of our journey through forty more years. As we celebrate the past, we are also compelled to think about our future, and the future of our neighbors and their children. What will we look like ten years from now? How has our work affected the children - who are our future? Who are the new partners we might engage? How will technology allow us to work differently and give our neighbors and their family’s greater convenience as they obtain what they need in order to thrive? How might we use our volunteers differently? How do we assure that no child ever has to know what it is like to be hungry?

In many ways, food moves us all forward. Food not only nourishes and sustains us – it is the fuel that propels our lives, and makes every other thing possible, including the bright futures of our children. This belief has driven our work since day one, forty years ago, and continues to drive us now.

As we continue to recover from the effects of the pandemic, we continue to strive to be stronger and more engaged with our neighbors. As a result, in 2022 our expenses have slightly increased, however we remain good stewards of the donor dollar with 93% of all funds received going back out to our neighbors and for our programs.

In 2022, we continued to see an incredible and ongoing show of financial support from businesses, foundations, individuals, the Commonwealth of Pennsylvania and the Westmoreland County Board of Commissioners, they have all made it possible for us to continue to bring our best ideas forward and pivot into the future. Especially they show of confidence and support from our County’s Commissioners with awarding us \$4.4 million in American Rescue Plan Act (ARPA) funding to increase our reach within the county.

Thank you for being a part of our history, and thank you in advance for walking along side of us into the future. I am proud to be a part of the history of the Westmoreland Food Bank, I am proud to follow in the footsteps of our Founder, Michael Spencer – he paved the way for our Food Bank with his vision, compassion and caring for individuals, families, seniors and most of all our children – and their ability to thrive.

I would also like to acknowledge the amazing Food Bank Team! We are blessed with twenty-seven of the most caring, compassionate and dedicated individuals that I know. They are dedicated to the mission of the Westmoreland Food Bank, to ensure that all Westmoreland County residents who are hungry, or at risk of hunger have ready access to food. The same can be said about our dedicated Board of Directors. Their commitment to our mission and those we serve is insurmountable. We are so fortunate to have them as an extended part of our Team.

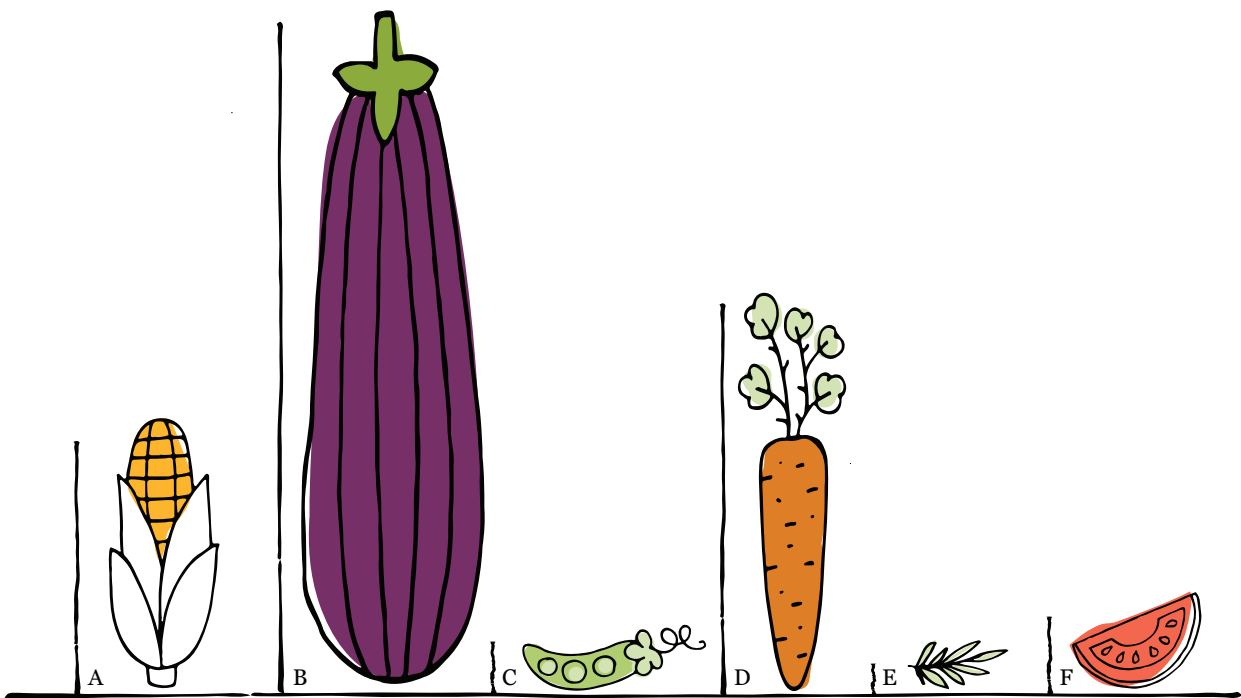

Sincerely,

Jennifer Miller  
Chief Executive Officer

## Be part of future Growth!

Investing in our future is a wonderful way to ensure that children throughout Westmoreland County do not need to know the anguish of hunger.

Thanks to generous donations, we have been able to invest to fund our child hunger programs, and as this fund continues to grow, the more we can expand these programs. Our Weekend Backpack Program, Summer Meals and our Pantry Distribution Program all reach children directly and with your partnership, we can make sure that their future looks bright!

Please call **Jennifer Miller**: **724-468-8660 ext. 15** or email: **jennifer@westmorelandfoodbank.org** for details about how a donation can be made to invest in our community's future.

# We've come a long way!

*The Westmoreland Food Bank was founded in 1982 and operated in downtown Greensburg. That first year of distribution provided 2,000 pounds of food to neighbors in need. Eleven years later, in 1993 the organization acquired the warehouse and office facility in Delmont, and transitioned operations to that location. In our 40th year, we distributed 5.5 million pounds of food and began the planning stages of a building expansion to better serve the changing needs of our neighbors.*

# American Rescue Plan Act Funds

In July 2022, the Westmoreland Food Bank was entrusted with an award of the Westmoreland County American Rescue Plan Act Funds. This \$4.4 million dollar grant will propel our organization into the next 40 years. These funds are strategically invested into specific programs where we are confident that the most progress can be made in making lasting change in our county. These funds will be expended over the coming years in the following areas:

- Expansion of our existing building to include a new cooler, on-site food pantry, and volunteer center
- Programmatic funding for the Summer Meal, Mobile Market, and Food Distribution programs.
- A feasibility study for future distribution models and needs
- Administrative needs related to data reporting, inventory system, website upgrades, development, marketing, and social media.

We cannot adequately express our gratitude to Westmoreland County Commissioners Cerilli-Thrasher, Chew, and Kertes for their instrumental impact—not only on our organization but on behalf of those we serve.

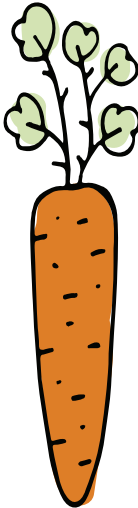

## Consider donating today or including us in your will or estate plans for tomorrow.

Planned Giving is an option that ensures both your legacy and the work of the Food Bank exists for years into the future. Consult with your financial advisor on options such as bequests, cash and securities, insurance tools, charitable gift annuities and more.

*“We live in a world in which we need to share responsibility. It’s easy to say it’s not my child, not my community, not my world, not my problem, then there are those who see the need and respond. I consider those people my heroes.”*

– Fred Rogers
